Continuation of 4(e) Other: Claims are not amended from the previous version of claims that were submitted on 05/27/09. For example, in 05/27/09 amendment, claim 1 was amended such that the recitation "constructed such that it is repeatedly peelable against at least one surface of the touch panel and the display surface of the display device" was deleted. In the present claims, said recitation is reintroduced (with no underlining). Similar observation is made for claim 1 recitation "wherein at least one pressure-sensitive adhesive layer of the pressure-sensitive adhesive layers of both outer sides has a...of not more than 5.0 N/20 mm". Additionally, claim 1 is missing recitation "wherein the pressure-sensitive adhesive layer in the touch panel side has a 180 -peeling adhesive strength to a norbornene based resin film at a peeling rate...adhesive sheet is repeatedly peelable from the display surface of the display device together with the touch panel" which was added in claims submitted on 05/27/09 (with no indication that the recitation was deleted).
